Dear Applicant:

It is the goal of the Department of Neighborhood & Development Services to provide adequate public notification for development items. Following is a list of required items to include with your rezoning, subdivision, OPD, special exception, or variance applications. It is important to conform to these requests to prevent any delays in the process.

- ◆ A list of addresses must accompany every application for rezoning, subdivision, special exceptions and variances. This list must include all landowners of property within 300' of the proposed site, including public ways. This information is available at the City Assessors Office located at 913 S. Dubuque Street.
- ◆ The staff will post a sign at the time an application is filed. The sign must remain until the application is approved or denied. Larger sites will require one sign for every 200' of frontage on each street adjacent to the site. These signs will contain general information regarding the application and will provide a phone number for persons to contact Planning staff with questions regarding the application.

Staff will be responsible for removing the signs. If the applicant notices the sign has been removed or damaged between the time of application and final approval or denial of the request, the City of Iowa City Planning staff should be notified.

- ◆ A copy of the Iowa City's GOOD NEIGHBORHOOD POLICY (enclosed) will be provided to every applicant at the time of application. This policy has been developed to help create more opportunities for early and more effective citizen participation in both major and minor projects and encourages an applicant's participation beyond current legal requirements for notification.
- ◆ An application has been enclosed for your use. If you need additional forms, you may photocopy this form or you can obtain additional copies from our office, or online at www.icgov.org/applications.

If you have any additional comments or concerns about these changes, please contact our department at 356-5230.

Sincerely,

Janet Dvorsky, Administrative Secretary
Department of Neighborhood & Development Services

Board of Adjustment: Frequently Asked Questions

What is the Board of Adjustment?

The Board of Adjustment is a panel made up of Iowa City citizens appointed by the City Council. The board reviews and grants special exceptions and variances and also considers appeals when there is a disagreement about an administrative zoning decision made by the City. Members of the board act like judges, making decisions about individual properties and uses that may have difficulty meeting a specific zoning regulation or to resolve disputes about administrative zoning decisions. The actions and decisions of the Board of Adjustment are binding upon all parties unless overturned upon appeal to District Court.

What is a special exception?

There are two types of special exceptions.

1. Within the zoning code a number of land uses are set apart as special exceptions that may be permitted in certain zones. Rather than permitting these uses outright, each is reviewed on a case-by-case basis to ensure that they do not negatively affect surrounding properties. For example, daycare centers are permitted in residential zones by special exception. The same is true of churches and private schools. All may be appropriate uses in residential zones, if certain criteria such as parking, screening, and other requirements are met.

2. Adjustments to specific zoning requirements in cases where there are unique circumstances. Again, the opportunity to adjust these requirements and the criteria for allowing such adjustments are described in the Zoning Code. For example, a homeowner may apply for a reduction in a building setback in order to accommodate an addition or other improvement to their property.

The Zoning Code lists explicitly each use and standard for which a special exception may be considered. In other words, you can't request a special exception for everything—only those things called out as special exceptions in the Code. The Code also provides criteria specific to each request. Applicants must provide evidence that they satisfy each of these criteria, and the Board must consider these criteria when making a determination as to whether to grant a special exception.

What is a variance?

A variance grants a legal right to an owner to develop property in a manner that deviates from a specific provision of the Zoning Code and for which a special exception is not expressly allowed. In seeking relief from the restrictions in the Zoning Code, the property owner applying for the variance must show that the strict application of the Zoning Code would cause and unnecessary hardship such that the property in question is unusable or that a literal interpretation of the ordinance would deprive the applicant of rights commonly enjoyed by other properties in the zoning district. In addition the circumstances that create this hardship must be unique to the property in question and must not be of the property owner's own making.

What is an appeal?

The Board considers and rules on appeals from any citizen who believes there is an error in any decision, determination, or interpretation made by the City or its designee in the administration of the Zoning Code. As with their other decisions, the Board's ruling is binding on all parties unless overturned on appeal to the District Court.

How does the review process work?

An application requesting a special exception, variance, or an appeal is a request. The Board makes a decision on whether to grant a specific request only after City staff have provided a review of an application and the public has had an opportunity to make its concerns known. The Board not only has the right to approve or deny requests, but may also choose to approve request subject to certain conditions.

In making decisions, the Board may only consider comments and evidence relevant to the specific standards provided in the code. City Planning Staff provide reports to the Board for each application on the agenda. The Staff Report provides background information on the application, informs the Board of all the criteria in the Code that a particular application must satisfy, and interprets whether and how an application has satisfied these criteria.

How can I participate in the process?

Because most applications will be reviewed and decided upon at a single public hearing, it is important for interested parties to respond in a timely and informed manner. Those who wish to speak for or against an application are given an opportunity to be heard by the Board at the hearing, but may also submit written comments prior to the meeting.

Written comments must be delivered to the Department of Planning at City Hall no later than 5 days before the hearing in order to be included with the Staff Report. All correspondence submitted after that time will be delivered to the Board at the time of the hearing.

The Board considers the application, the recommendation of staff (in the staff report) and any additional information, correspondence, or testimony provided at the hearing. Board of Adjustment hearings are usually held on the second Wednesday of each month at 5:15 p.m. in Emma J. Harvat Hall in City Hall.

The Staff Report can be very useful to anyone who is unfamiliar with the BOA process or with the Zoning Code and will provide an understanding of the criteria that the Board must consider in rendering its decision. Staff Reports may be obtained from the Department of Planning and Community Development. E-mail sarah-walz@iowa-city.org to request a copy of a report.

If you have questions about an application or if you simply want more information about issues related to the Board of Adjustment, please feel free to contact Sarah Walz at 356-5239 or e-mail sarah-walz@iowa-city.org.

To submit comments to the Board of Adjustment write to the Board of Adjustment c/o the Department of Planning, 410 E. Washington St., Iowa City IA 52240 or e-mail boa@iowa-city.org.

*Good Neighbor meetings are NOT required as part of the review process in Iowa City but they are strongly encouraged in most instances. If you state that you will or have participated in the program, **the following steps must be followed by the applicant:***

- **Meeting facilities located as close to the subject property and neighbors as possible.** The Neighborhood Outreach Coordinator can make suggestions and final arrangements in most cases.
- **Good Neighbor meeting notice reviewed by City staff prior to distribution.** The Neighborhood Outreach Coordinator will ensure that it is reviewed/approved and be responsible for sending it on to representatives of impacted neighborhood associations for their distribution.
- **Meeting notice sent by applicant to all property owners within 300' of the subject property by applicant and sent out not less than 7 days prior to Good Neighbor meeting date.**
- **Good Neighbor Meeting occurs no less than 7 days prior to the scheduled board/commission meeting** to enable adequate time to provide input.
- **Good Neighbor meeting attended by a City staff representative if necessary.** Staff will be available as a resource to respond to questions related to process, schedule, and zoning, etc. Staff can be arranged by the Neighborhood Outreach Coordinator.
- **Summary Report for Good Neighbor Meeting completed by applicant and submitted prior to board/commission review.** A fill-in form of the Summary Report is available at www.icgov.org/goodneighbor.

History and Background

Iowa City's Good Neighbor Program is part of an effort to make the development process run more smoothly between property owners and developers who seek zoning and related changes, and the neighborhoods that may be affected by those changes. The Good Neighbor Program is not a requirement, but rather a recommended approach that encourages proactive dialogue between property owners, developers, and neighbors that may help identify and resolve issues before the project is reviewed by the Planning and Zoning Commission or the Board of Adjustment.

For minor projects, such as a yard setback reduction, the approach may be as simple as knocking on neighbors' doors to discuss the proposed project with them. For a rezoning or subdivision, it may be appropriate to hold a neighborhood meeting or open house to present the project and invite questions and comments from your neighbors.

While the Good Neighbor Program does not guarantee specific outcomes, answering neighbors' questions and hearing their concerns or suggestions may provide the opportunity to developers/applicants to address concerns or objections before the project is reviewed in a public forum. This can minimize controversy and delays when a project is reviewed by the Board of Adjustment, Planning and Zoning Commission, or the City Council.

Helpful Tips for a Good Neighbor Meeting

▼ ***What information can you provide that neighbors will find useful?***

- Background information including a description of your project and the public process it must go through.
- Site plans, elevations, models, aerial photos, drawings, etc. This will help them visualize the changes you wish to make.
- Information or other resources that discuss the zoning or land development process. The Neighborhood Outreach Coordinator can provide you with this information or is available at www.icgov.org/goodneighbor

▼ ***View it from their perspective: How will neighbors see your project?***

- Put yourself in the place of the people who surround your property. Will they view your project as an enhancement or unexpected change?
- How might your project impact traffic or pedestrian safety in the area?
- Does your project enhance or complement existing

neighborhood character or does it contrast with what surrounds it?

- Will your project alter the natural landscape, impact views, etc.?
- Might your project reduce the sense of privacy for a neighboring property owner?

▼ ***Ways to respond to concerns***

- Listen and be respectful—give people the chance to be heard.
- Focus on identifying problems. This meeting is a chance for you to gather input that may be useful to you in getting your project through the review process. The issues that your neighbors raise are often the same issues that may be raised by the Planning and Zoning Commission or the Board of Adjustment.
- Be open to options that could be reasonable or affordable ways to alleviate or address problems.
- Resolving problems at the meeting is not necessary, but it may be helpful to identify areas where there is some flexibility in your plans.
- Know that you won't necessarily be able to please everyone, but that you are providing an opportunity for dialogue. The neighbors will appreciate your effort and the opportunity to share their views.
