

Iowa City Healthy Homes Medical Diagnosis – Problem List

Attn: _____

Fax Number: _____

_____ applied for the Healthy Homes program. As a condition of program acceptance, the applicant must have asthma or another lung disorder.

Through Iowa City Healthy Homes, households with members suffering from asthma or other lung disorders will receive home repairs, up to \$7,500, to address environmental triggers. Families with children will receive an in-home visit by the University of Iowa College of Nursing to provide tailored health education to self-manage asthma and maintain a healthy home at no cost to the household. The funds for the rehabilitation to improve indoor air quality is a grant to the homeowner if they remain in the home for two years. Tenants who rent also qualify for the program if their landlord consents to the improvements and allows the tenant to remain in the unit without a rent increase for up to two years.

Please verify the following (patient’s authorization to obtain information attached):

Patient diagnosis:

Is the patient taking medications (for asthma and/or other lung disorder) as prescribed?

Frequent urgent care visits for asthma or lung disorder?

Frequent emergency room visits for asthma or lung disorder?

Does the provider have any concerns about the patient's health management plan?

Please return this form to Neighborhood Services, City of Iowa City, 410 E. Washington Street, Iowa City, IA 52240 or scan and email to liz-osborne@iowa-city.org. Please contact Neighborhood Services with any questions at 319.356.5230.

The program will not be able to assist the household until their medical diagnosis is verified
